

8' X 24'

FAST-N-EASY GOAL

Directions for Assembly

1. Unroll the net and layout the frame as shown. Do not open the side arms all the way at this point.

2. Assemble the fiberglass poles.

3. Slide the poles into the upright pocket.

4. Insert the bottom of the pole into the hole on the frame. Make sure it seats completely.

5. Attach the 2 rings to the top of the fiberglass pole.

6. Now open the sides of the frame completely using the pressure of your foot.

7. Use the side loops to anchor the goal.
